Instructional Sports Camp- Kids will get individualized training on all the major sports. Your children will develop a new and improved skill set. With that comes a love for the game that will hopefully be carried with them way beyond the summer. We have developed a system in the last seven years that teaches the kids by playing games that have the skill builders hidden inside them. They improve while having fun. This is a great opportunity for both the kids who need a jumpstart on athletics and the little all stars that are looking for a new challenge.
