RE: Silver Lake Rescue Inc.

To Whom It May Concern

I have been attending all the meetings concerning Silver Lake Rescue issues, and I noticed Trustee Sue Gerber participating and voting on matters related to Silver Lake Rescue of which her son is President. I do believe that this is a conflict of interest, and I believe that some type of action should be taken immediately.

I also have another issue that I would like you to look into, as we all know several hours of work was put into investigating different scenarios on how to better Silver Lake Fire service to our Village, and it was apparent that joining forces with the town of Salem was the one of the best, at the 12th hour Mr. Decker and Mr. Snow went to Silver Lake Rescue with hat in hand looking to settle this. I do not have a problem with this and can somewhat appreciate their efforts but I do have a problem on how they did this. These two trustees went there without notifying the village President or the trustee who was in charge of the committee. I do believe that this was a betrayal and a lack of trust with fellow trustees, and I think that the proper protocol should have been taken.

Thank you
